

Dear Employee,

The flu can take valuable time away from you and your family, but getting a flu shot only takes a few minutes. That's why we've teamed up with Walgreens to encourage all employees to protect themselves with a free flu shot.*

The Centers for Disease Control and Prevention recommends everyone over 6 months of age get a seasonal flu shot. Plus, you'll reduce your risk of serious illness and even hospitalization.¹ And when you get your flu shot, you'll help provide a lifesaving vaccine to a child in a developing country through Walgreens Get a Shot. Give a Shot.[®] program, in partnership with the United Nations Foundation.²

Walgreens makes it easy by offering flu shots every day. You can redeem your voucher at any of the Walgreens and Duane Reade retail pharmacy locations—appointments are not necessary. You can get your seasonal flu shot at a time and location convenient for you. When you get your flu shot, present your photo ID with your voucher. Consult with your Walgreens pharmacist if you have any questions or concerns. To find the Walgreens nearest you, call 800-WALGREENS (800-925-4733) or visit Walgreens.com/FindAStore.

Sincerely,
Metropolitan Transportation Authority
